SUBJECT

: Transmittal of CIA/RR-GR-176, Recommended

Wasonventional-Warfare Areas

HERMANICE

: Managendum for the Record, Subject: Selection of Areas Considered Most Feasible for Decorrentional

Hurfare Purposes, dated 2 April 1957

- 1. Transmitted herewith are copies of a report which describes the areas recommended for unconventional warfare purposes, based on a country wide Teasibility evaluation.
- 2. This report contains: a. A brief discussion of the country as a whole; and b. A fairly detailed description of the individual recommended areas.
- 3. The specific areas were selected with the guidance of the criteria set forth in the reference memorandum for the record, and all intelligence sources were drawn upon in the evaluation. The primary considerations, also the factors not reflected in the selection of the recommended areas, are elaborated in the attached statement.
